

Reporting

- The net proceeds of JPY Green Bond series113 has been fully allocated. (As of 30th June, 2026)
- Allocation and Impact Reporting is shown as below

Project	Number of projects	Allocation amount ※1	Output ※2	Outcome ※3
Renovation of Bridges	18	JPY 29,836 million	1.1km	Soundness of the bridge (Restored to original condition)
Reinforcement of slopes	1	JPY 140 million	0.6km	Soundness of the slope (Prolonging product life)
Improvement in drainage facilities	5	JPY 2,816 million	4.4km	Improving drainage capacity (About 2 to 4 times capacity improvement)
Porous Asphalt Pavement ※4	27	JPY 17,208million	7.3km	Amount of stored water and water flow per hour (8mm/h)
Total	51	JPY 50,000 million (Fully allocated)		

※1 The total amount may not match due to rounding.

※2 Outputs represent the extended kilometers for renewal and repair projects.

※3 Outcomes through renewal and repair projects are expected to contribute towards creating an impact for maintaining a safe and reliable transportation network, by strengthening the transportation infrastructure against natural disasters (wind and water disasters) that result from climate change that adversely affect the transportation infrastructure as envisioned by the MLIT Climate Change Adaptation Plan.

※4 Proceeds from the Green Bond have not been allocated to newly constructed expressways.

Reporting

■ Overview of eligible green projects(As of 30th June, 2026)

Eligible Projects	Project description※	Area
Renovation of bridges	Hokuriku Expressway : floor slab replacement work①	Ishikawa Prefecture
	Hokuriku Expressway : floor slab replacement work②	
	Hokuriku Expressway : floor slab replacement work③	
	Hokuriku Expressway : floor slab replacement work④	
	Hokuriku Expressway : floor slab replacement work⑤	
	Tomei Expressway : floor slab replacement work	Shizuoka Prefecture
	Chuo Expressway : floor slab replacement work	Tokyo Metropolitan
	Hokuriku Expressway : floor slab replacement work①	Toyama Prefecture
	Hokuriku Expressway : floor slab replacement work②	
	Hokuriku Expressway : floor slab replacement work③	
	Hokuriku Expressway : floor slab replacement work④	
	Chuo Expressway : floor slab replacement work①	Nagano Prefecture
	Chuo Expressway : floor slab replacement work②	
	Chuo Expressway : floor slab replacement work③	
	Chuo Expressway : floor slab replacement work④	
	Nagano Expressway : floor slab replacement work	Fukui Prefecture
	Hokuriku Expressway : floor slab replacement work①	
	Hokuriku Expressway : floor slab replacement work②	
Eligible Projects	Project description※	Area
Improvement in drainage facilities	Hokuriku Expressway: slope drainage grooves renewal work	Ishikawa Prefecture
	Tomei Expressway : slope drainage grooves renewal work①	Shizuoka Prefecture
	Tomei Expressway : slope drainage grooves renewal work②	
	Chuo Expressway : slope drainage grooves renewal work	Tokyo Metropolitan
	Chuo Expressway : slope drainage grooves renewal work	Nagano Prefecture
